

## SENATORS LEAVE FOR INSPECTION TOUR IN EUROPE

One-third Of Senate Will Be  
Primed On League Of  
Nations Views.

### 3 IRRECONCILIBLES AMONG THE GROUP

Friends And Foes Alike To  
Get International  
Point Of View.

Washington, May 14.—When the senate of the 68th congress convenes next December, approximately one-third of its membership will be primed with international views obtained by personal inspection trips over Europe during the long recess.

The sensational exodus to Europe this summer has been the greatest ever witnessed. At times it would almost have been possible to hold a session of the senate on foreign soil, so general has been the stampede across the Atlantic to get a first hand view of conditions.

Senators McCormick, Republican of Illinois and Walsh, Democrat of Massachusetts, are now enroute to Europe, and eight other senators are preparing to leave in coming eight weeks, among them Senator LaFollette, of Wisconsin.

Announcement that LaFollette will go abroad, following a similar declaration from Senator Borah, Republican of Idaho, was taken to indicate the "irreconcilables" of the senate are seeking a full arsenal of ammunition for use in opposing all proposals for foreign alliances during the next congress.

With LaFollette and Borah about to go and Senator Hiram Johnson, Republican of California, now on foreign soil, the "big three" of the irreconcilable camp will have visited Europe during the recess. Information, gained on their visits abroad, will be relayed to the American people from the floor of the senate in the next congress.

Senator Moses, Republican of New Hampshire, another irreconcilable, has just returned. Of those now abroad, besides Johnson, the irreconcilables can also claim Senators Brookhart, Republican of Iowa, Wheeler, Democrat of Montana and Spencer, Republican of Missouri.

Friends of the league of nations, however, also are in attendance at the European session. Senator Underwood, of Alabama, Democratic leader during the league of nations fight and Senator Gerry, Democrat of Rhode Island, one of its ablest exponents, are now abroad and going to join them in the near future will be Senators Robinson, of Arkansas, the next minority leader, King, Democrat of Utah, a warm friend of the league and Swanson, Democrat of Virginia, close friend of former President Wilson.

East Palestine dry enforcement agents arrested Oliver Masters, living south of Salem on the Salem-Lisbon rd, late Saturday night, charging him with manufacturing and possessing liquor illegally.

Headed by Dr. S. E. Conrad, the agents visited the Masters home following a meeting at the Conrad home in Salem, and confiscated a still, one barrel of mash and a quantity of whisky.

Masters was taken to East Palestine Saturday night and Monday morning entered a plea of not guilty. He is being held in the East Palestine jail pending his hearing.

Chief of Police Walter Warren and Officer Ed Harvey swooped down upon an alleged gambling house late Saturday night in Clark st, East Palestine, and arrested Robert Boyle and nine alleged gamblers.

Boyle is charged with operating a gambling room and will be arraigned with the nine alleged players Monday night before Mayor Albert W. Ferren. They posted forfeits for their appearance.

### Pirates Subdue Crew And Loot Passengers

Hongkong, May 12.—Chinese pirates who had traveled as passengers on the steamship Halshun, today attacked the vessel fifty miles from Swatow. After subduing the crew and locking up the officers, the pirates looted both the ship and the passengers.

### Russia Gets British Demand For Redress

London, May 14.—The Russian reply to Lord Curzon's vigorous note demanding redress for hostile acts against British subjects and British property in Russia, was received this afternoon in advance of Leonid Krasin, who was reported to be bringing it by airplane from Moscow.

## BODY OF MISSING PATROLMAN FOUND IN SHALLOW GRAVE

Kidnaped Cop's Grave Near  
Chagrin Falls; Find  
Burned Clothes.

Cleveland, May 14.—The body of Patrolman Dennis Griffin, for whom a constant search has been kept up since Friday, was found this afternoon in a shallow grave about three miles from Chagrin Falls.

The grave was not far from the spot where charred portions of the dead policeman's uniform were found yesterday.

Cleveland, May 14.—Police today were questioning a man who says he drove John L. Whitfield, alleged kidnaper of Patrolman Dennis Griffin, to an interurban station Friday afternoon.

The witness told police that at the time Whitfield was accompanied by a woman companion, and that while the search for the man last seen with the officer now believed murdered was at its height, with every officer on the alert, the suspect slipped through the cordon, boarded an interurban car and left town.

Acting on the information furnished the search will be concentrated along the route supposed to have been taken.

In the meantime the last lingering hope that Griffin might still be alive had been abandoned with the finding and positive identification of charred clothing and equipment of the missing patrolman yesterday afternoon. Boys found the burned articles on a lonely road near Geauga lake.

At daylight this morning Cleveland police, aided by scores of volunteer workers, began a search of this section of Portage and Geauga counties in the hope of locating the grave of the missing patrolman.

Griffin disappeared early Friday morning when he started to the police station, having Whitfield in charge. The latter was wanted on a charge of theft. They left the place he was living, driving Whitfield's blue Jordan roadster.

### Two Get Credentials To Wilbur Meetings

Rachel E. Cope, Winona, was granted credentials to attend Canada Yearly meeting at Norwich, Ontario, at the Wilbur Friends quarterly meeting held Saturday at the East Sixth st meeting house. This yearly meeting will convene some time in June.

## Millions In India Go To Bed Hungry, Declares Missionary

Miss Thomas Tells Lutherans That India Affords Fertile  
Field For Missionary Work—27,000,000 Widows  
But No Old Maids There, She Asserts.

India, with a population of 320,000,000 people equalling the total population of North and South America, France and Belgium combined, affords a fertile field for the activities of Christian missionaries according to Miss Jessie Thomas, of Salem, who recently returned from Guntur where she has been engaged in educational work for the Lutheran church.

The Holy Trinity English Lutheran church was crowded to capacity Sunday evening with people who wished to hear Miss Thomas deliver her illustrated lecture on "Mission Work in India," and a generous voluntary offering was given toward the purchase of gospels to be distributed among the Hindus and Mohammedans of that country.

Miss Thomas who works largely among the coolies who have been made outcasts by the caste system of India, declared that the higher castes fear they will be contaminated by too close association with the missionaries. She declared that the Mohammedans honored God with their lips rather than by deeds.

"Their worship is merely a mechanical form—it is not heart worship," explained Miss Thomas. "The Mohammedans repeat prayers which are written in Arabic, a language which few of them actually understand. There are many repulsive features in both the Hindu and the Mohammedan forms of religion."

"The girls of the class I have been teaching are required to marry before they are 12 years of age and go to live with their mother-in-law. For this reason they leave school when they reach the fifth grade and our work with them has to be carried on by Bible women who visit their homes. India has 27,000,000 widows but no old maids except among the missionaries."

"Wages for labor are pitifully small, averaging from 8 to 10 cents a day, and it is no exaggeration to say that 40,000,000 in India go to bed hungry every night. Fully 90 per cent of the entire population is illiterate and they are greatly in need of the help of Christian nations."

### Young Women Visit Aged Woman

The young women of Mrs. Irwin Heacock's Sunday school class of the Friends church, Deloit, about 16 in number, came to Salem Sunday afternoon and visited the Home for Aged Women.

They brought with them flowers and a lovely white cake for the women. On the top of it were the words "Mothers' Day." The members sang for the inmates and a reading appropriate to Mothers' Day was given. This is the third annual visit of this class to the home.

The kindness shown by this class was very much appreciated by the women.

## ELKTON FAMILIES ROUTED BY FLOOD

Most Of Village Is Under  
Water; Roads Damaged,  
Fences Destroyed.

Flood conditions prevailed in country districts Sunday as the result of the rains of Friday and Saturday.

At Elkton, four miles east of Lisbon, several families were forced to move from their homes and almost the entire village was under water. Monday the water had subsided so that the work of cleaning up could be begun.

The flood did not reach the big water mark of former floods but it was only the cooler weather that prevented records being broken.

Near Franklin Square and at Eagleton's Glens the water covered all the bottom lands along the north fork of Beaver creek. Automobiles in crossing the valley plowed through water that covered the running boards.

In many places roads were badly washed and fences carried away.

### Contest For Best Story-Telling Will Be Held At Church

A story telling contest will be conducted by the Edna Thomas Missionary society of the M. E. church, under the supervision of Mrs. A. B. Hobson at 7:30 p. m. Tuesday at the Sunday school assembly room at the church. Here is the program:

## TRIMMED BY SLICK CROWD SAYS AGED INDUSTRIAL HEAD

Charles Manville, 89, Tells  
How He Was Worsted  
By Mrs. Hayes.

### POLICE CHECK UP REMARKABLE STORY

Charges Women Inveigled  
Wealthy Into Buying  
Worthless Stock.

New York, May 14.—I was trimmed by a slick crowd."

Charles B. Manville, 89 years old, the wealthy founder of Johns-Manville, Inc., asbestos manufacturers, made this statement in revealing how he said he had been worsted in a game of high finance by Mrs. Myrtle Bowman Hayes—and others.

Mrs. Hayes is the woman who was carrying negotiations on in her hotel here for the erection of a \$5,000,000 apartment house in Brookline, Mass., until she was arrested on the charge of forging the name of Charles M. Schwab, multi-millionaire steel manufacturer to a \$25,000 note.

Today the authorities are checking up Manville's remarkable story in the belief that it might lead directly to a band of confidence men and women preying upon rich business men. Women wearing expensive gowns, bedecked with diamonds and living at the best hotels in this and other cities, inveigled people to invest in worthless "business" enterprises, according to Manville.

"Stung Bad"

In an interview at his country home in Pleasantville, N. Y., Manville charged that Mrs. Hayes and another woman lured him into doubtful ventures with a group of which six are now under indictment, awaiting trial on charge of using the mails in an oil stock fraud. He said he had been "stung and stung bad."

One of their schemes, he alleged, was an oil deal; another an automatic slot machine.

Manville identified Mrs. Hayes as one of the prime movers in a big oil swindle which was unloaded on the public from coast to coast. It was exposed in April, 1922, when the local federal grand jury indicted six individuals. They are now awaiting trial.

Mrs. Hayes is 47, attractively demure and of winning personality.

## CLUBS SEE FILM OF PAPER MAKING

Interesting Pictures Shown  
Monday To Rotary And  
Kiwanis Clubs.

Members of the Salem Rotary and Kiwanis clubs and their guests witnessed an interesting showing of the paper making industry as presented in a moving picture film by W. D. Rogers of the S. D. Warren Paper company of Boston Monday at noon at the Elks home.

The joint meeting took the place of the regular club meetings of the week. F. J. Emeny, president of the Rotary club, presided. J. A. Pidgeon was chairman and introduced Mr. Rogers, who lectured on the manufacture of paper from the log to the finished product.

The film depicted interesting scenes of the north Maine woods where the timber was cut into logs and then transported by wagon and river to the railway from where it was conveyed to the mills. Two varieties of lumber, poplar and spruce, are used in paper making.

Scenes in the mills where the wood was cut into chips after being washed and sorted and finally mixed with clay, sizing and color were included in the film.

The paper in these mills is made in three classes, machine treated, super and coated. The latter is the highest type of paper made.

### Six Cars Piled Up In Freight Wreck

Six freight cars were piled up and considerable damage resulted when in some manner a freight train running from Alliance to Youngstown was derailed and the cars piled in a heap at 5 a. m. Sunday at Snoues station.

The accident was believed due to a beam falling between two of the cars and lodging against the track. Machinery owned by J. D. Paxson of Salem was damaged in the accident.

## ANDY AND BARNEY ARRIVE

## DEDICATE CHURCH FREE OF ALL DEBT

Columbiana Methodists Get  
\$38,000 In Pledges And  
Cash Sunday.

The opening day of a week of dedicatory exercises at First Methodist Episcopal church in Columbiana Sunday found the new edifice free of debt.

The building was constructed at a cost of \$90,000 and when the dedicatory program started Sunday morning there was a deficit of \$38,000 in the building fund. All but \$8,000 was raised at the morning service and the evening cash and pledges wiped the slate clean. Many of the donations came from Salem. East Palestine, Leetonia, Lisbon and Struthers. One of the features of the week of activities marking the opening of the church will be the organ recital and vocal program to be held in the church Tuesday night.

Allen Bogen, famous organist of Chicago, will appear at the new organ and a Masonic quartet from Youngstown will provide vocal numbers. Mr. Bogen promises a varied program of interest and his reputation assures an entertainment of value.

### Mother Is Honored By Carnations And Sermons Tributes

Carnations, red for the living and white for the dead—were worn by hundreds of people Sunday. Mothers' day, as a tribute to motherhood. Observance of the day was most noticeable in the wearing of these flowers as a symbol of remembrance of her for whom the day has been set aside.

Special Mothers' day services were held in practically all Salem churches. Ministers in their sermons spoke touching on the subject of motherhood and impressed upon all their duty in cherishing the memory of mother.

### Officers Selected For Hope Cemetery

When trustees of the Hope Cemetery association met Saturday evening at Boone & Campbell's office these officers were elected for the ensuing year: President, H. H. Sharp; vice president, Miss Ethel Edwards; secretary, A. E. Beardmore; treasurer, R. B. Heaton.

### 39 County Assessors Given Instructions

Deputy Auditor E. E. Walker held a meeting at the court house Monday in which the 39 assessors of the county received instructions and supplies for their work.

The meeting was for the purpose of explaining the duties of the assessors and the provisions of the taxing laws.

### Three Men Are Fined \$300 In Booze Cases

Fines of \$300 and costs were imposed by Mayor A. W. Ferren of East Palestine Monday morning upon three negroes arrested by Dr. S. E. Conrad charged with transporting liquor. The men entered pleas of guilty and paid their fines.

## SKULL FRACTURED AS AUTOS CRASH ON PERSHING AVE.

East Liverpool Man In  
Salem Hospital In a  
Critical Condition.

### GORBY, DRIVER, IS FINED BY MAYOR

Two Other Auto Accidents  
Are Reported Over  
The Week-End.

William Lambright, aged about 33, of East Liverpool, is in a critical condition at the Central Clinic hospital suffering from a fractured skull as the result of an automobile crash about 11 a. m. Sunday on Pershing ave, near First Friends church.

Lambright was a passenger in a machine driven by Leon "Butch" Gorby of Salem. Gorby, driver of the car, was intoxicated, police say, and drove his machine directly into a truck owned by the Andalusia Dairy company.

The impact of the collision threw Lambright clear of the machine onto the brick pavement, causing a fractured skull. Gorby was uninjured. A pet dog riding in the car was thrown against the front of the machine with such force that his neck was broken.

Police were summoned and Lambright was taken to the hospital in an unconscious condition. He failed to regain consciousness for some time and has rallied twice, only to lapse into unconsciousness again.

Physicians say his condition is critical. Chief of Police T. W. Thompson investigated the crash and placed Gorby under arrest. A search revealed a bottle of whisky and a charge of possession was placed against him. Arraigned Monday morning before Mayor John W. Post, Gorby entered a plea of guilty and was fined \$200. No action was taken against Gorby on a charge of driving while intoxicated, pending the outcome of Lambright's condition.

Two Other Collisions

One man was severely cut and a coupe was almost completely wrecked in a collision with another automobile three miles out of Columbiana, on the Salem-Columbiana rd, Sunday afternoon.

It is alleged that a large touring car, driven by Pittsburgh people, attempted to go around a third machine by pulling to the wrong side of the road, resulting in the crash with the approaching coupe. The front wheels of the closed car were torn off and the radiator and fenders were also wrecked, while one wheel was torn from the touring car.

Carl Smith of Damascus believes that auto riding on Sunday is a very dangerous business. In a new sedan he and some guests started to take a ride Sunday evening. One block from his home his new car was rammed by another auto and almost utterly ruined. None of the occupants of this sedan were seriously hurt.

## LEETONIA WOMAN CHOKES TO DEATH

Gets Lunch During Night,  
Husband Finds Body  
In Morning.

Leetonia, May 14.—Awakening Saturday morning and observing that his wife was not in bed, Arthur Golden of Cherry Fork ave made a search for her and found her lying dead on the floor in the kitchen of their home.

A physician was summoned but he observed that she had been dead for several hours. Later in the day Coroner Van Fossan arrived from East Palestine and decided that the woman had choked to death on a particle of food.

It is supposed that Mrs. Golden got up during the early part of the night to get a lunch. According to Mr. Golden, it was not an unusual occurrence for his wife to get up during the night and go to the kitchen and prepare a lunch. On a table near where her body was found a lunch had been spread, indicating that she had just started to eat when she choked.

Golden and his 10-year-old daughter, Margaret, were sleeping on the floor above and did not know that anything was wrong until they awoke Saturday morning.

Mrs. Golden was born in Ripley, W. Va., and lived there until she married in 1912. Since that time the couple had lived in Leetonia. They had one child.

Funeral service was held at 1 p. m. Monday in the Methodist church, in charge of the pastor, Rev. W. H. Stewart. Interment in Oakdale cemetery.

### 12 Hooded Klansmen Give Minister \$100

Twelve hooded and robed klansmen of the Ku Klux Klan marched down the aisle of the United Brethren church at East Palestine Sunday night and handed a letter to the pastor, Rev. W. Ellis.

Rev. Ellis opened the letter which was brief and to the point, expressing approval of the pastor and his work. Folded within he discovered a \$100 bill.

## Autos On Farms

THE National Automobile Chamber of Commerce estimates the number of passenger cars on the farms of the United States at 3,200,000. Farmers own 30 per cent of the country's motor cars.

This distribution of the automobile among the rural population is not sectional in character. It is not peculiar to the larger farms of the west, where the distance from town and neighbors is greater than in the case of farms in the east and south.

Rhode Island, for instance, has more passenger cars on farms in proportion to the number of farms in the state than any other state in the country. There is a passenger car for nearly every farm in Rhode Island—4,000 registered cars in the rural districts and 4,083 farms. In the United States, as a whole, there is a passenger automobile on every other farm.

But the universal use of the automobile by the Rhode Island farmer is almost duplicated by the North Dakota farmer. There are 64,950 motor cars owned on the farms of that state, which number 77,690. In better advertised Kansas it is not so nearly true that every farmer has his automobile, but the proportion is still high—114,719 cars to 165,286 farms.

New Hampshire shows up as well as any western state, with 14,090 automobiles on her 20,523 farms. In Arkansas, whose material backwardness is proverbial, there are only 20,000 motor cars on 232,604 farms. But in the south as a whole 40 per cent of the motor cars are owned on farms.

The farmer has thus adopted unservordly the vehicle which only a few years back he regarded merely as an annoyance. In a few years more, when the airplane is entering quantity production—when there is a blivver of the air—the farmer may busy himself with laying out a landing field, realizing that air travel possesses certain advantages over road travel when the highways are heavy with spring rains.

## A Change Of Heart

WHEN radio station WEAF, of New York city, announced a radio debate between Wayne Wheeler of the Anti-Saloon League, and Colonel Gillette, counsel of the Association Against Prohibition, it was estimated that half a million people listened in. The debate was a warm one, and motion pictures of the debaters before the microphone, brought alternate applause and hisses from many movie audiences.

The interesting feature of the debate, was a request by WEAF that a verdict be rendered by the radio listeners. Some 2,600 letters came in reply. Sixty-seven per cent were in favor of prohibition, and thirty-three per cent were opposed. And these letters came from the wettest area, both actually and theoretically, in the country.

An important side-light on the question was revealed in the fact that about 25 per cent of the replies admitted that the writers were originally opposed to prohibition, but felt that the benefits of the eighteenth amendment were so obvious that now it should be upheld and enforced.

This would seem to report a change of heart on the part of many people. There is no doubt about the fact that few, if any, desire the return of the saloon. The tide is setting against attempts to weaken the amendment.

## Here's a Secret about some well-dressed folks you know

**HAVE** you wondered why some people, with incomes no larger than yours, always look so well dressed?

Here's the secret—they buy good clothes to begin with, and then they depend on modern dry-cleaning to keep these clothes looking

their best, over the longest possible period of time. They pay no more; they have better clothes; they look better, and, of course, they feel better.

Why not try their plan? Phone, and we'll send a representative.

## Things to Know About Our Service

## We Want Your Ideas

Our employees are told it's their duty to you and to the company to turn in immediately any suggestions they may have on improving our service.

But you folks outside this organization might see some big chance for betterment that would never occur to us, here on the inside.

So we hope you'll confide in us. Don't imagine that you'll be classed a "kicker" if you write in with some complaint. You're paying for electric service—you have a perfect right to your "say-so."

And don't think that any suggestion for improvement is too small or too obvious. Send it along. We want it!

## BRITISH PROFITING BY HIGH INTEREST RATE IN AMERICA

Washington, May 14.—High interest rates in the United States and correspondingly low rates in England have brought a flood of millions of British pounds to this country, to be converted into dollars and offered on the American loan market, it was learned today from official government sources.

England, with the pound sterling at \$4.70 some time ago, also converted a tremendous sum into dollars for deposit in New York banks to cover extensive purchases of cotton, wheat and other raw products later in the season. By taking advantage of the exchange, a considerable advantage was gained.

Great Britain also made heavy deposits in the United States to cover payment of interest on the British debt, again benefiting by the exchange rate.

To these three factors are attributed the decline of the pound exchange rate from about \$4.70 to \$4.60. Officials regard sterling as stable, except possible slight fluctuation in the near future, unless far-reaching political events of the proportions of the German-French break occur.

While England is regarded as on a firm financial basis, officials pointed out that exchange will not be narrowed to a close range of fluctuation until the government puts currency on an entirely gold basis.

**May Cut Exports**  
The decline of the sterling exchange may have a tendency to cut American exports to Britain slightly since the pound will not have as great a buying power, but this is not regarded as sufficiently extensive to be serious.

Figures available today showed in the first three months of 1923 capital loan issues in England totalled \$90,867,000 pounds against \$27,842,000 pounds for the same period of 1922. Financial experts pointed out that this means Great Britain has caught up with her domestic and colonial accumulated requirements for capital.

The large accumulation of capital has driven interest rates to a low point. Fairly long-time loans may be obtained in London at lower rates than are demanded for call money in this country. For this reason the enormous sum was sent to the United States for investment.

Government officials said the lower interest rates in London were believed to be temporary. A note of caution is pervading business of that country, similar to the wave of anti-inflation sentiment sweeping the United States just now, as business executives are endeavoring to bring about a normal, permanent condition of prosperity.

## COURT NEWS

**Will Case Is Settled**  
One of the last cases decided by Judge William F. Duncan yesterday was the interpreting of the clause in the will of the late Hugh Smith of Wellsville. His executors, J. H. Smith and A. D. Smith were in doubt as to the particulars. The court stated that the sale of the personal property of the farm by J. H. Smith constituted a life estate for Kate Smith and the executors were directed to distribute the proceeds as provided by the will which provided that whatever property remained should be sold and proceeds distributed among the heirs.

**Seek To Adopt Children**  
An application has been made by Mr. and Mrs. H. Womer for authority to adopt Vivian G. Sullivan and change her name to Vivian Womer. The matter will be set for a hearing in probate court on May 21. Mr. and Mrs. F. J. Davidson, of East Liverpool, have applied for adoption papers for Rona Gale Lewis and changed her name to Davidson. This matter will be up for a hearing at the same time.

**Advertise In Daily Papers, Is Advice Given To Retailers**

Cincinnati, May 14.—"The retailer who tries to conduct his business without working space in the daily papers is working at a disadvantage and cannot hope to build a permanent business organization," Joseph Schmidt, vice president of an advertising agency here, told members of a business class at the University of Cincinnati.

"Retailers should advertise now more than ever before, because competition is becoming keener and only the fittest will survive," Mr. Schmidt said. "The advertising departments of the newspapers can render substantial assistance to merchants."

## Bug And Worm Diet Coming, Some Scientists Assert

Syracuse, N. Y., May 14.—The bee's knees, the humming bird's hips the cyster's elbow and all other anatomical complexities of the comic strip artist's imagination—save, possibly, the well known cat's pajamas—are to be conformed to esculent facts, according to a bulletin from the State College of Forestry at Syracuse university.

Choice dishes composed of carefully cooked worms, bugs or caterpillars may become a necessary part of every properly appointed meal in the near future, the Syracuse educators forecast.

The time is near, they say, when the connoisseurs will demand back beetle a la newburgh, gypsy moth-bifter, white pine weevil ragout and Pandora moth roast, with papae filling.

Foresters, new and old, and daring and curious scientists have been limited quantities and prepared by

various styles of cooking," the college bulletin declares further. "Cascades on desert islands have found insects regular lifesavers. Word has come from United States foresters on the West coast that Indians of the Klamath reservation, Oregon, are glomating with eager anticipation over the visitation of the Colorado Pandora moth, which has been observed flitting in great numbers in the forests of the Fort Klamath country and are laying their eggs on the yellow pine needles.

"The caterpillars, which will hatch this summer from eggs, will be very destructive to the foliage of the pine trees and in the natural life cycle of the moth, will become a tender pupae in 1924. The Indians are already looking forward to the feast and general powwow. If the Indians eat the pupae the pupae cannot hatch moths—no moths, no caterpillars; no caterpillars, no damage to trees."

## MISS BAIRD WILL SPEAK AT CHURCH

Miss Esther Baird, returned missionary from India, who is superintendent of the Friends mission work at Nowgong, India, will speak at two meetings Tuesday at the First Friends church.

At 2 p. m. Miss Baird will speak to members of the Missionary circle of this church and at 7:30 to the Ruth circle, the young women's missionary organization of the church.

The Sunday services were well attended at this church. At the morning service the pastor, Rev. M. M. Coffin, preached a forceful sermon on "The Christian Home." This service was in keeping with Mothers' day. Mrs. Coffin and Mrs. Herbert Shoe sang a duet and the Women's Bible class of the Bible school attended in a body.

Continuing his series of sermons on "The Second Coming of Christ," Rev. Mr. Coffin spoke on "Judgments." He emphasized the thought that the basis of a person's judgment was determined by his acceptance or rejection of Jesus Christ. The concluding sermon of this series will be given next Sunday evening.

The mid week prayer service will be held Wednesday evening. The finance committee will meet Thursday evening at the church. Friday evening the choir will meet at the church.

## Home Is Destroyed, Two Die, Children Burned In Quarrel

Mansfield, May 14.—Samuel A. Nelson, 30, is dead, his wife is near death in a hospital here, and their two children, aged three and five years, are suffering from slight burns, the result of a shooting and a fire which destroyed their home on a farm near here early Sunday.

Nelson was accidentally shot during a struggle between himself and his wife, during which a lamp was overturned, setting the house afire, according to Dr. R. H. Lebarre, acting coroner and neighbors.

Clad only in her night garments, Mrs. Nelson, through the flames, carried the children to a barn and then attempted to remove her wounded husband from the burning structure. Being unsuccessful, it is said, she

went into the yard and shot herself through the heart. Nelson's charred body was found in the ruins.

Mrs. Nelson is said to have told neighbors that she and her husband quarreled for several hours after he came home late Saturday night. During the quarrel, she said, Nelson told

her that he was going to kill her and both ran for a rifle. In the struggle, the rifle was discharged, wounding Nelson, the wife is said to have related.

A post-mortem examination is to be conducted to determine whether he was shot or burned to death.

Will show you how folks get those whiter, cleaner teeth

Go ask for a test of this new way of teeth cleaning. It means too much to miss.

You see prettier teeth everywhere today. Learn how people get them. Do this now. Millions of people of some 50 nations enjoy these benefits. Get them for yourself.

### Film makes teeth dingy

That viscous film you feel on teeth is their chief enemy. It clouds them. It clings to teeth, enters crevices and stays.

Film absorbs stains, then forms a dingy coat. Tartar is based on film. That's why teeth lose luster.

Film holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay. That's why few escaped tooth troubles.

Germs breed by millions in film. They, with tartar, are the chief cause of pyorrhea, now so alarmingly common.

### Now they curdle film

Old brushing methods did not effectively combat film. As a result, nearly all people suffered from it.

Now dental science knows two film combatants. One acts to curdle film, one to remove it, and without any harmful scouring.

Able authorities proved these methods by many careful tests. Then a new-type tooth paste was created, based on modern research. Those film combatants were embodied in it for daily application.

That tooth paste is called Pepsodent. To millions of homes it has brought a new dental era.

### Advised the world over

Careful people the world over now use Pepsodent, largely by dental advice. It has supplanted in millions of homes the methods of the past.

### Avoid Harmful Grit

Pepsodent curdles the film and removes it without harmful scouring. Its polishing agent is far softer than enamel. Never use a film combantant which contains harsh grit.

### Corrects old mistakes

Research also proved that old methods brought undesired effects. They decreased the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay.

They reduced the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and form acids.

Pepsodent brings just opposite effects. It multiplies that alkalinity, multiplies that starch digestant. Thus it gives manifold power to these great natural tooth-protecting agents.

### This test will show

The results of this test will amaze and delight you. Make it—watch the changes that occur.

Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

Compare the results with old methods—by what you clearly see and feel. You will gain a new conception of clean teeth.

SCOUTS PREPARING FOR FIELD EVENTS

Chris Roessler To Assist Troop 7; Boys On 15-Mile Hike Sunday.

Chris Roessler, Salem's stellar three-sport athlete who winds up his brilliant interscholastic career in June, has accepted a commission as assistant scoutmaster of Troop 7 and will meet with the scouts for the first time at the Community House Tuesday evening to help Scoutmaster Patzer Lowell and Assistant Scoutmaster Lewis McMillan whip their proteges into shape for the Columbiana county Scout Rally and field meet on June 9.

Roessler's decision to enter the ranks of scout leadership was hailed with glee by the scouts of Troop 7, who are more than ever determined to land the title which they missed last year by the scantest margin after they had been chartered as a troop but two months. Scoutmaster Lowell took his potential point winners on a 15-mile hike south of the city Sunday afternoon and was well satisfied with the progress displayed by the semaphore signaling team of Troop 7, composed of Senior Patrol Leader Raymond McBurn, Scribe Kenneth Kelley and Patrol Leaders Franklin Davidson and Clarence Davidson.

A relay team was also picked to carry the troop colors in the county meet after Sunday's trials. This team will include Walter Davis, captain, Tony Quest, Kenneth Kelley and Raymond Coburn.

Albert Sweningson of Troop 4, also accompanied Troop 7 on the hike and participated in the signal practice. Last year the scouts of Troop 4 were not registered in time to participate in the meet, but this year Scoutmaster J. P. Harman and his assistant Joseph Reeves, are training an alert group of lads who will have much to say about how the points in the big event are apportioned. Scoutmaster Harman believes has in Ralph Kircher, a knot-tying expert who can compete on equal terms with the county champion, Raymond Coburn, of Troop 7.

Scoutmaster Sam Coles of Troop 1 gathered his scouts together Sunday afternoon at the home of Patrol Leader Joseph Chamberlain on the Lisbon rd and held a satisfactory rehearsal. Under the leadership of Lee R. Chamberlain, who is now serving Salem as scout commissioner, Troop 1 captured the county championship three times and has no apparent intention of relinquishing the title without a struggle. Troop 1 will be without the services of two stars of last year—

Donahey Calls Two Mayors "On Carpet"

Columbus, May 14—Gov. Donahey announced today that he has asked Mayor E. N. Fair New Philadelphia, and Mayor Wm. F. Grail, Lorain, to confer with him here Thursday afternoon, relative to charges of laxity of law enforcement in the two cities.

In the United States registration area, comprising 34 states, the death rate from all forms of tuberculosis fell from 160 in 1910 to 114 in 1920.

## FRIENDS TO MEET IN GOSPEL TENT

Purchase Planned At Meeting In Beloit; Missionary Speaks.

A gospel tent for the use of the different meetings which compose it, will be purchased by Damascus Quarterly meeting of Gurney Friends.

This was decided at the business session of the meeting Saturday at the Friends church in Beloit. At that time \$250 were pledged for the purchase of the tent.

Miss Esther Baird, returned missionary from China, spoke at one of the sessions Saturday and at the rally of the Christian Endeavor societies of the Quarterly meeting Sunday afternoon.

While Miss Baird's address was mostly on the mission work there in which she is engaged she talked some on the question of "home rule" for India, which is being agitated. Miss Baird expressed herself as favoring English rule for India as she felt the people are not yet ready for home rule. The First Friends church, which is a part of this quarterly meeting, was represented at its session. There were 13 from the Salem church at the C. E. Rally.

He is a resident of Adena.

Mr. and Mrs. H. G. Camp and C. W. Gamble attended the funeral of George Mead at Bunkerhill church Sunday afternoon.

“FLESH AND BLOOD”

A vital and vivid story of a crook's search for freedom, his torment of soul in his fight for happiness and his ultimate redemption after he had vowed vengeance upon his enemy—that is “Flesh and Blood,” the Irving Cummings production which will be seen at the Royal theater Wednesday and Thursday. In this dramatic picture a convict escapes from prison and finds refuge in Chinatown. He has been confined for 15 years. His cup is overflowing with bitterness. He has one motive—to punish the influential financier who sent him to prison. He also wished to look upon the face of his dear wife and daughter, the latter grown into womanhood since he entered the gates of the big gray prison. It is a picture which absorbs the attention of the spectator.

Lon Chaney, who will be remembered for his remarkable characterization of the legless thug in “The Penalty,” and who, because of his exceptional gift for pantomime in such compelling pictures as “The Night Rose,” and “The Trap,” has the leading role in “Flesh and Blood.” The offering establishes Chaney as the foremost character actor on the screen. He is truly the man of a thousand faces. Other parts are filled by such sterling players as Edith Roberts, Noah Beery, Ralph Lewis, Dewitt Jennings and Jack Mulhall. Irving Cummings directed the picture from a story by Louis Lurcia Lighten.

## POISON PEN NOTES WRITTEN BY YOUNG WOMAN, HE CLAIMS

Indicted Composer To Make Charge; Friends Rally To His Support.

New York, May 14.—A young woman will be named as the author of the poison pen letters which have poured through the mails to bewitch the character of scores of well-to-do and socially prominent people. The girl will be formally accused by George Maxwell, composer and music publisher, his friends asserted today. Maxwell is under indictment in connection with the alleged plot.

Maxwell, who is in London, will sail for the United States next Wednesday, his friends said. They said he has long suspected a certain young woman and that he will reveal her identity on his return to New York.

The composer's friends are rallying to his support. The Society of Composers, Authors and Publishers is planning a meeting for tomorrow and it is expected they will give him a vote of confidence.

The grand jury will be reconvened this week and several women, prominent socially, will be examined and asked to tell what they know about Maxwell, if anything, and of 25 letters.

The persons—at least 25—it became known today, have fled from the jurisdiction of the state and have planned to stay away indefinitely.

Among the witnesses who have disappeared are several of the nine women who are known to have received “poison pen” letters in the last ten years. A number of homes are reported to have been broken up as a result of the slanderous missives.

**Brooks Takes Office As Prosecutor's Aid**

Robert M. Brooks, East Liverpool, was this morning formally inducted into the office of deputy prosecuting attorney when he took the oath of office before Judge Moore, in common pleas court. Mr. Brooks was appointed some time ago and after the formalities went into a conference with Prosecutor Hanley.

# COLUMBIANA OPENS DEDICATION WEEK

## Methodist Notables Speak As New Church Building Is Dedicated.

Bishop William F. Anderson, D. D., of Cincinnati in his address "Living To Achieve," delivered Sunday in the First Methodist Episcopal church in Columbiana performed the first service of a special program composed for the dedication of the new church building.

The formal dedicatory exercises were Sunday afternoon when Rev. W. E. Hamaker, D. D., pastor of the Trinity Methodist Episcopal church in Youngstown, and Rev. H. B. Powell, East Palestine, delivered the addresses.

The week of special services which are to follow will include addresses by such men as Bishop Anderson, Rev. W. O. Hawkins, Youngstown; Rev. Batelle McCarty, Alliance; W. H. McMaster, president of Mt. Union college, Supt. B. L. George of the Canton district, four ministers who served the church in various periods of the past, since its establishment in 1825. The week will conclude with a musical and ritual service next Sunday.

A feature of the week will be the community service Friday evening during which the pastor of each of the churches represented in Columbiana will deliver an address.

The First Methodist Episcopal church was founded in Columbiana 85 years ago.

In 1835, a church building at the corner of East Park ave. and Elm st. was erected after the members had spent the preceding ten years in worship at the various homes.

In 1859, when a new brick church was erected on the present site, the old frame building became the property of the town of Columbiana.

May 21 of last year, Rev. Hamaker made the address in the impressive services which accompanied the laying of the cornerstone.

The new building will be a credit to the town. A seating capacity of over 1,000 is readily obtainable.

Fine art glass is used in the windows, while the lighting fixtures are made of opalescent glass in a frame of stately bronze metal finish.

Full provision is made for all the activities of a community church. An organ, modern to the last degree, is installed and the tower of the building which is designed in modified classic style is constructed with a view to installing chimes.

Rev. A. G. Rupert is the pastor of the congregation.

# TREASURY ISSUE OVERSUBSCRIBED

Washington, May 14.—The treasury's call for \$400,000,000 with which to complete the refunding of Victory notes has brought about subscriptions in excess of a billion dollars in cash and offers to exchange old securities for new.

Announcement was made today that the books had been closed to further cash subscriptions to the issue of 4 1/2 per cent bonds, maturing March 15, 1927. Subscriptions will be accepted, however, for a few days more for exchanges of Victory notes or maturing certificates of indebtedness but the treasury may not accept finally more than a total of \$500,000,000 in cash and exchanges combined.

As a result of the oversubscriptions the next financing of the treasury will be on a decidedly moderate scale. A further flotation of short term obligations will take place in June but this issue may not exceed \$250,000,000.

While there have been numerous replacements in the outstanding issue of government obligations during the year, the tendency of the financing has been generally downward. Secretary Mellon has predicted that the public debt will amount to about \$224,000,000 at the end of the fiscal year, June 30, a reduction of more than \$1,000,000,000 in the last two years.

## Limbering Up Now With Joint-Ease

After the game or practice Joint-Ease takes the kinks, lameness and soreness out of your throwing arm so quickly that you'll want to start all over again in a few hours.

It's great stuff—speedy and sure, and many stars are wise to it.

Just two minutes' rubbing and this great, stainless Joint-Ease soaks right in through skin and flesh right to the ligaments and tendons and bones—exactly where the soreness is.

Ask for a tube of Joint-Ease and keep limbered up, as thousands of other ball players do. Costs but a trifle at drugstore. The J. H. Lease Drug Co., Floding's drug store and Bolger & French can supply you.

## Mrs. Starr Tells of Her Experience With Tanlac.

MRS. L. E. STARR  
Mrs. Lillie E. Starr, residing near Lenexa, Kansas, is another of the thousands who have learned the value of Tanlac as a "spring tonic."  
"This spring," said Mrs. Starr, "I felt that I needed a tonic, for my appetite had lost its usual keenness, indigestion was giving me a great deal of trouble and if I ventured out on a shopping trip, or at any other exertion, I soon found myself fagged out. I could rest but little day or night for nervousness and pains."  
"Well, Tanlac got me to eating again, built me up ten pounds in weight and now I feel so healthy and happy I go about my work singing. I will always have a warm corner in my heart for Tanlac."  
Tanlac is for sale by all good druggists. Accept no substitute. Over 7 million bottles sold.

# VOTE ON CHARTER FOR YOUNGSTOWN

## Federal Form Provided In Charter To Be Voted On Tuesday.

Youngstown, May 14.—While meetings have been held nightly discussing the proposed change of government, most Youngstown citizens are reported apathetic over the new city charter upon which a vote will be taken here Tuesday. It is expected that the vote will be large.

The charter to be submitted was drawn by a commission of 15, chosen at the last November election. In accordance with instructions given on a special ballot, the charter is for a city government with the federal form, a small council, representation by wards and non-partisan elections.

The document drawn abolishes the offices of safety director and service director provided under the statutory form of government, under which this city operates. The city council, now composed of 17 members and an elected president of council, is reduced to seven, one of whom shall be chosen as president.

Other elective officers will be the mayor and municipal court judges only.

Seven administrative departments—law, finance, public works, health and public welfare, water and other public utilities, police and fire—are contemplated.

The director of finance and director of law will be appointed by the mayor replacing the present elective offices of auditor, treasurer and solicitor.

One member of the charter commission, former Congressman James Kennedy, had repudiated the document as submitted and is campaigning against its adoption. W. J. Williams, president, and Max Brunswick, vice president of the commission, have made many speeches favoring it.

Other members of the commission include Mrs. J. F. William Ritter, secretary; Common Pleas Judge George H. Gessner, W. P. Barnum, Walter Williams, Mrs. J. P. Fitzgerald, Mrs. J. F. Kistler, Henry E. Kaercher, Mrs.

Alfred M. Williams, Miss Kate King, Ralph E. Ohl, Charles Deibel and James E. Medbury.

# LISBON MAN SEEKS NILES SCHOOL JOB

Niles, May 14.—Personal interviews with half-dozen candidates who are seeking the position of superintendent of the Niles public schools occupied the attention of the board of education at an adjourned meeting Saturday afternoon in the McKinley High school.

Thirty-eight applications have been received for the position from men who are filling positions as school superintendents elsewhere. In addition, many applications have been received from men now serving as school principals who aspire to superintendency. The latter have not been considered, however, and the former list has narrowed down to half-a-dozen men, all with degrees from colleges of high standing, all trained by experience, and highly recommended. They include Supt. Geiger of Lisbon; Supt. Keller of Bellefontaine; Supt. Fauss of Akron; Supt. Cramer of Willard, O.; and Supt. Walker of Cleveland.

Orange blossoms dipped in a solution which makes it possible to ship them to waiting brides all over the country, brings an income to one woman in the west, in the busy season, of \$50 a day.

These talks will be followed by a general discussion. This evening's session will be started at 7 o'clock. Two addresses being scheduled, the first by Bishop William F. Anderson, of Cincinnati, and the other by Joseph B. Hingeley of Chicago.

Tuesday's session will include addresses by C. S. Speaker and J. M. Shaffer. B. McCarty will take up

# Steady nerves depend on the condition of your Blood

YOU know that! You also know that your blood ones' sympathy and comfort will not correct the cause. Neither can impoverished blood rebuild the body. But you can remedy this condition by restoring your blood to its normal state. Remember, your blood flows through your body—when you are awake and when you are asleep. It's the great body agent which makes life. And when there's life—there's happiness. Stronger and more useful nerves depend on blood-power.

Here is your opportunity. S. S. S. will prove to you its "why" and "how" reason. S. S. S. contains only purely vegetable medicinal ingredients. Because S. S. S. does build blood-power, it cures rheumatism, stops rashes, blackheads, boils, eczema, beautifies the complexion, builds you up when you are run down, and makes your nerves steady!

Mr. W. T. Hooker, 2321 Proctor Street, Port Arthur, Texas, writes: "I suffered from Eczema for seven years and was afflicted with nervousness. I tried S. S. S. and six bottles cured me. I now enjoy good health. I think S. S. S. the only sure cure for blood disorders on the market."

## Keep Them Out!

Fly and mosquito time is coming, and it's none too soon now to think of protecting yourself and your family against these annoying and dangerous pests.

Note is the time to order screens—screens that will last—in short, screens made with Jersey Copper Screen Cloth.

Iron and steel screens will rust, no matter how they are protected. Screen cloths made of alloys, or so-called "bronze cloth" (which is usually brass), will disintegrate in strands. But Jersey Screen Cloth, made of pure copper—the most durable metal that can be used for the manufacture of insect screen cloth—will do neither. From New England to Panama this wonderful screen cloth has given the best results under all climatic conditions.

And do not imagine that copper screen cloth is expensive. It costs slightly more than other cloths but it is worth far more for it will serve you longer.

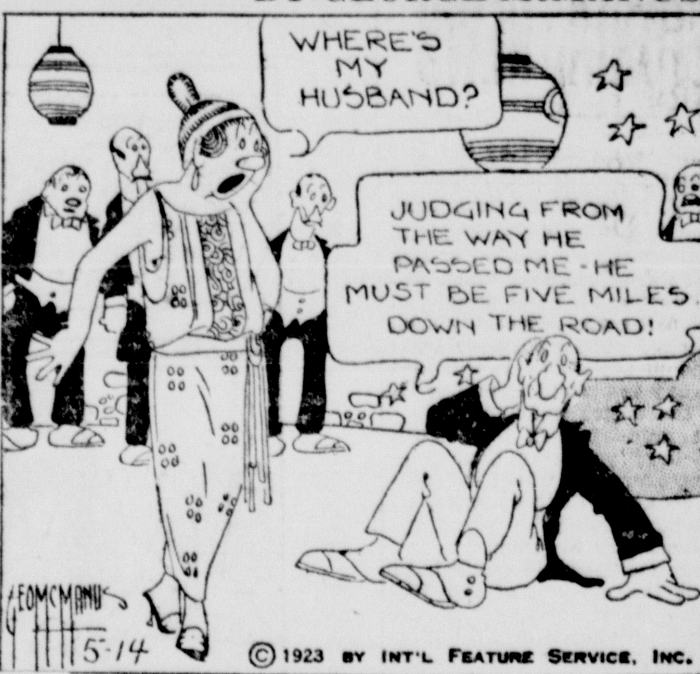

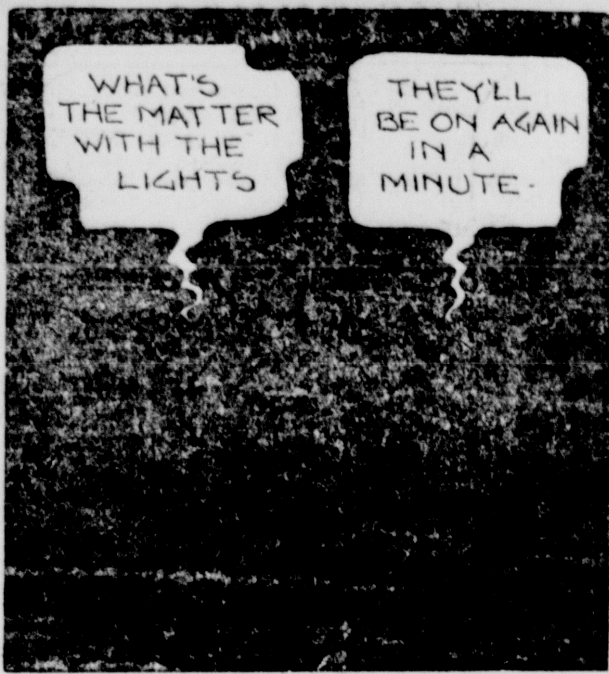

Phone us today. We shall be glad to tell you more about Jersey Copper Screen Cloth—to give you samples and quote you prices.

## BRINGING UP FATHER

BY GEORGE McMANUS

WILLARD KAYOES  
JOHNSON IN 11THEx-Champion In 'Comeback'  
Over Youngster; Firpo  
Kayoes McAuliff.

New York, May 14.—Two giants of the prize ring, Luis Angel Firpo, the Argentine, and Jess Willard, Kansas mountain, stood out today as challengers for the fistie honors of Jack Dempsey after scoring knockout victories in the two main bouts of the Milk Fund carnival before a crowd of nearly 10,000 at the Yankee stadium Saturday afternoon.

Firpo demonstrated once more he is one of the most terrific hitters who has climbed to pugilistic prominence in recent years, by knocking out Jack McAuliffe, H. of Detroit, in the third round. Willard, while none too impressive in his comeback, after years of idleness, proved himself the master of his young Iowa antagonist, Floyd Johnson, and was awarded a technical knockout after 11 rounds of the most spectacular battling on the card.

These two bouts, both scheduled for 15 rounds, were headlines on a card of five heavyweight contests, one of the most spectacular fight programs ever staged in this country, and a magnet for a picturesque throng that all but filled the great Yankee ball park. Official figures were lacking but it was estimated that the throng was at least five thousand less than the crowd of 74,000 which packed the stadium at the opening American League baseball game recently. It was a record for a boxing show in this state, but far behind the attendance figure of 90,000 at the Dempsey-Willard fight at Toledo.

Gate receipts were unofficially announced by Tex Rickard, promoter of the show for the public Milk Fund benefit, as approximately \$200,000. Two of the three other bouts on the card besides the main fights also were terminated before the limit, Jack Remault, of Chatham, Quebec, Canadian heavyweight champion, was declared the victor over Fred Fulton, Minnesota plasterer, after a foul in the fourth round, after the Canadian had piled up a substantial lead on points.

In another of the preliminary matches, Harry Drake, of England, was awarded the judges' decision over Joe McCann, of Newark, N. J., in a four round encounter, while "Tiny Tim" Herman, of Omaha, Neb., knocked out Al Reich of New York, in the sixth round.

Firpo's quick victory over McAuliffe, a highly touted westerner, who wilted in the second round and collapsed in the third under the South American's terrific barrage of rights and lefts to the head and body was the most decisive bit of ring work of the afternoon, but the triumph of the 40-year-old Willard over a youngster half his age in a hammer and tongs struggle from start to finish, was the high spot of the show.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.
